NO. 103.

W. MASON MORRIS.

Cashier of the Crab Orchard Banking Co., president of the Crab Orchard Commercial Club and interested in Insurance and Real Estate. A rising young man of the East End. He is a brother-in-law of Mr. James F. Hol-dam, of this place.

KINGSVILLE.

Mr. G. A. Walter has completed a new warehouse near his store. Fount Diahon has completed a new four-room dwelling on Edmund Murphy's lot near Kingsville.

Mrs. Maggie Holen has been quite sick at the Walter hotel but is much improved. Mr. and Mrs. Sam Connor and children were the guests of her sister, Mrs. William Carey, en route to Illinois, their future home. Misses Mary and Amanda Thompson, of Clarence, were guests of their brothers here. Dr. and Mrs. Acton were in Lexington last week.

Born to the wife of Marion Williams, a little girl, Mrs. Wm. Lane is threatened with grip. Miss Edith Carey has gone to Cairo to be with relatives and to accept a position. Jesse D. Wearren, the clever insurance man, was here last week. J. W. Holand, of Burnside, was here in the interest of a lumber company. Mrs. Dan Hester and son, Claude, are over from Stanford. Attorney George Florence, of Stanford, was here Friday attending court. R. A. Lanning, of Danville, was here in the interest of his firm. He has sold quite a number of musical instruments here. Mr. and Mrs. Manfred Chovellette, of Ludlow, were recent guests of relatives here. M. G. Murphy, our clever merchant, has been indisposed for a few days.

KILL THE UNIT BILL. It is hoped that the Senate has shelved the Unit Bill for good and all. There is not a better temperance man in all the State than the writer. He is almost in the class of taste-not, touch-not, handle-not, but he, that is to say we, do not take up with every plan suggested to make men temperate. There is no justice in permitting the county to dictate how the town shall raise its revenue. The people of towns are doubly, sometimes trebly, taxed. They pay the tax to support the county, as well as that to support the municipality, and they are entitled to some rights not to be taken from them by the county voters. There is no justice in allowing the voters of Franklin county, for instance, to say whether saloons shall be licensed in Frankfort unless they are willing to help bear the additional taxation necessary for expenses, if that source of revenue is cut off. Why legislate in favor of the blind tiger, anyway? They are sure to take the place of saloons that pay license, if license is withheld. We believe in home rule and local option, and are sure a Democratic Legislature will not go against principles so dear to every lover of liberty. Frankfort Journal.

Pirating Foley's Honey and Tar

Foley & Co., Chicago, originated Honey and Tar as a throat and lung remedy, and on account of the great merit and popularity of Foley's Honey and Tar many imitations are offered for the genuine. These worthless imitations have similar sounding names. Beware of them. The genuine Foley's Honey and Tar is in a yellow package. Ask for it and refuse any substitute. It is the best remedy for coughs and colds. Penny's Drug Store.

When uninvited guests arrive 'Tis then we often feel Like setting out the table with An uninviting meal.

A Tribute To Mrs. J. R. Beazley

Whereas it has pleased our dear Heavenly Father to remove from our midst our beloved sister, Mrs. James R. Beazley, who departed this life Feb. 8, 1906, we bow in humble submission to the will of Him who doeth all things well.

We shall miss her sweet smile and cheering words in our meetings and her lovely voice from our choir, but we believe that our dear young sister has gone to be with the Lord, which is far better. It was her delight to meet with God's people in Christian work. At an early age she gave herself to the Savior and for some time had been a faithful member of our aid society, and our C. W. B. M. Auxiliary. She served one year as secretary of the aid society.

The sympathy of our society is extended to the precious little girl and the faithful husband and other bereaved ones. May the God of all comfort sustain them in this their great sorrow, and may they feel about them the everlasting arms.

And since this one we love is lying low, Where human kisses can not reach her face,

Let us not blame the loving Father so, But wear this sorrow with obedient grace

And if, through patient toil we reach the land Where tired feet with sandals loose may rest,

When we shall clearly know and understand, I think we will say "God knew the best."

HUBBLE.

Wm. Anderson has moved to the Eads farm near Stanford.

James McKechnie is improving his home with a system of water works.

We are glad to note that the I. J. is still gathering new subscriptions at Hubble.

Pollet Alexander died at Lakeland and was buried here in the family burying ground.

Eld. F. M. Tindler preached an excellent sermon at the Christian church Sunday on "Character and Reputation."

Miss Bessie Kay Engleman, of Stanford, has been the guest of Miss Levisa Harris. Morris Spoonamore is at home from Lexington.

M. B. Eubanks and R. L. Hubble shipped a carload of apples to Atlanta Saturday. Mr. Eubanks has returned and reports a good sale.

Farmers are very busy preparing their ground for corn. James McKechnie sold his tobacco crop to Lancaster parties at 3 to 7c. Silas Messer and S. M. Spoonamore sold their crops of tobacco at 6c all around.

Dave Rankin has moved to his farm, which he recently bought of W. T. Doonin. Dr. Hinkle reports his pneumonia patients very much better. Sam Harris had the misfortune to cut off the end of his thumb in a cutting box.

Common Colds are the Cause of Many Serious Diseases.

Physicians who have gained a national reputation as analysts of the cause of various diseases, claim that catching cold could be avoided if a long list of dangerous ailments would never be heard of. Every one knows that pneumonia and consumption originate from a cold, and chronic catarrh, bronchitis, and all throat and lung trouble are aggravated and rendered more serious by each fresh attack. Do not risk your life or take chances when you have a cold. Chamberlain's Cough Remedy will cure it before these diseases develop. This remedy contains no opium, morphine or other harmful drug and has thirty years of reputation back of it, gained by its cures under every condition. For sale by Dr. W. N. Craig, the popular druggist at Stanford, Ky.

NEWS NOTES.

Maysville had five deaths within 12 hours.

John H. Smock was crushed to death by a falling tree in Taylor county.

Samuel Thomas, the largest manufacturer of pig iron in the United States, is dead at Catasauqua, Pa.

Gambling and gamblers must go, says Owensboro's Mayor, and he is backed by the City Council, which looks bad for the gamblers.

After leaving her property to Otto Durre with the provision that he give her a home, Mrs. Lena Prelmuth, aged 87, fell dead at Evansville, Ind.

Gussie Hart, an actress, after spending the evening with friends at an up-town cafe in New York, fell down a flight of 20 steps and was instantly killed.

Elisha Howard was shot and instantly killed by his son-in-law, Henry Turner, at Turner's home, on Cane creek near Jackson. The difficulty arose over a dispute regarding rent corn.

Five prominent women of Owingsville, all officers of the Union Temperance League, will appear before the grand jury of Blath county for the purpose of testifying against alleged violators of the local option law.

In honor of the 86th birthday anniversary of Susan B. Anthony, a luncheon was given at the Hotel Astor, in New York, by the Interurban Political Equality Council. There were about 400 women present and several men.

At Evansville, Ind., three boys, all 1 years of age, appeared in Police Court on a charge of drunkenness. The Court agreed to dismiss the lads if their fathers would fog them. This was done, a cat-o'-nine-tails being employed.

Strange woman applied at the home of Henry Becheler, Warren county, for lodging, and during the night she gave birth to a child. Later it was discovered she was the wife of a Scottsville man, and while temporarily insane wandered from home.

August Berndt, 12 years of age, was shot and killed by his uncle, William Berndt, 18 years old, at the boy's home at Rochester N. Y. The uncle had been reading "yellow" novels, and was illustrating, according to his own admission, "how heroes fight." He forgot the revolver was loaded.

Mrs. William Conley and her young son were burned to death at their home in Robertson county. The child was playing with a box of matches which ignited, and before the mother reached him he was burned to a crisp. While trying to put out the fire the mother's clothing took fire and she was so badly burned that she died a few minutes later.

The Supreme Court of the United States dismissed the case of the State of Kentucky vs. the Mutual Security Life Insurance Company, of Binghamton, N. Y., and the Travelers' Insurance Company, of Connecticut, involving the Kentucky State law invalidating business licenses granted to foreign insurance companies which remove to Federal courts suits brought against them in the State courts. The decision was based on the ground that the licenses have now expired, thus rendering the cases moot questions.

A Habit to Be Encouraged.

The mother who has acquired the habit of keeping on hand a bottle of Chamberlain's Cough Remedy, saves herself a great amount of uneasiness and anxiety. Coughs, colds and croup to which children are susceptible are quickly cured by its use. It counteracts any tendency of a cold to result in pneumonia, and if given as soon as the first symptoms of croup appear, it will prevent the attack. This remedy contains nothing injurious and mothers give it to little ones with a feeling of perfect security. Sold by Dr. W. N. Craig, the popular druggist at Stanford, Ky.

CORNS CURED.—Corn Exit will positively remove corns in four days. The treatment is simple and pleasant and we absolutely guarantee to refund the money to each and every customer whose corns are not promptly removed with entire satisfaction. A bottle of this great preparation only costs 15 cents and nothing if a perfect cure is not speedily effected. G. L. Penny, druggist, Stanford, Ky.

Lame Back.

This ailment is usually caused by rheumatism of the muscles and may be cured by applying Chamberlain's Pain Balm two or three times a day and rubbing the parts vigorously at each application. If this does not afford relief, bind on a piece of flannel slightly dampened with Pain Balm, and quick relief is almost sure to follow. For sale by Dr. W. N. Craig, the popular druggist, at Stanford, Ky.

IN NEIGHBORING COUNTIES.

The warehouse of Voris Bros. at Burgin was destroyed by fire. A big lot of hemp burned.

The infant of Mr. and Mrs. D. N. Ewing died at Parksville from swallowing a grain of coffee.

Dewitt Lee, aged six, was awarded \$1,000 damages against the Southern Railroad by the Mercer circuit court. The little fellow was hurt in a wreck.

Following the unsuccessful attempt of heirs to break the will of Mrs. S. P. Lees, of New York, the executors of the estate have forwarded to the Central University, in Danville, a check for \$40,000, this being the amount left unconditionally by Mrs. Lees to the institution.

The historic courthouse of Harrodsburg will soon be a thing of the past. The grand jury in a rather sensational report to Circuit Judge Bell condemned the present county buildings and recommended the erection of a new courthouse. There is now \$19,000 in the county treasury, and with a little effort it can soon be built.

James Quesenberry, of Danville, has commenced an action seeking to invalidate the will of his father, J. M. Quesenberry. The son and daughter were each left \$5, Mrs. Quesenberry not being mentioned in the will, the balance of the large estate of the testator going to his brother, J. W. Quesenberry, of Wayne county.

The jury in the Mercer circuit court returned a verdict for \$8,000 damages against the Southern Railway in favor of Reb E. Goddard, the well-known horseman. Last summer Goddard fell over a stone wall at the depot at Harrodsburg, while leading horses for shipment to a fair and broke his shoulder and otherwise injured himself. At a former trial the jury awarded him \$5,000, but the case was reversed by the court of appeals.

Being troubled with mice in the rear of the store, one of Durham & Cecil's clerks set a trap in the implicit department, and when he looked for the trap it could not be found. Later in the day, however, when one of the clerks was showing some wares 15 or 20 feet from where the trap was set, the trap was found. At first it appeared that the mice had been too smart and the trap had failed in its purpose, but upon closer examination it was found to contain the heads only of three mice. Rats had eaten the mice with the exception of the heads, and so doing they are supposed to have dragged the trap from the place where it was set.—Danville News.

HUSTONVILLE.

Dr. Harker had hurried call Saturday to his father, who lives in Wayne, and who had broken his leg. No particulars were given. The doctor is expected home this week.

Mr. George A. Prewitt returned Sunday from New Mexico. He has lost eight pounds since he left home and his health has not improved as he hoped, nor as it did on his previous trip.

Miss Frances Adams was at home Sunday with relatives. Miss Alice Dryo has gone to Cincinnati to accept a position in a millinery house. Miss Alice Spratt, a lady's tailor of considerable reputation, who uses a system of measurements that never fail to fit, guarantees satisfaction. She lives on the black pike, near N. H. Cone's, and would be glad to have a trial order of spring sewing.

The Siberian bloodhound pups of Lair & Brown distinguished themselves last week by their work on their first job, proving conclusively their ability to follow cold trails more successfully than any known species of blood hounds. They were given a trail about 11 A. M. that was made in the forepart of the night before, about 15 hours old, and without a mis-step followed it across streams, alleys and streets into the yard and located the property, to which the party confessed and the owner identified as belonging to him.

E. C. WALTON.

THE Democratic Committee of the Fourth Congressional district, at a meeting in Louisville, called a primary for Saturday, June 2, for the nomination of a candidate for Congress to succeed the Hon. D. H. Smith, who has declined to stand for re-election. Gus W. Richardson, of Meade county, and T. Scott Mayes, of Washington county, announced they would not enter the race, which leaves Ben Johnson, of Nelson county, a clear field. If no other candidate is announced by May 17, the primary will be declared off.

THE Beard bill, proposing to create the county of "Beckham" from parts of the counties of Breckinridge, Ohio, Butler and Grayson, was indefinitely postponed by the Kentucky Statutes committee of the House of Representatives, which action virtually kills the measure, as it will not be heard from again during the present session.

LOUISVILLE is to be a "goodly goody" city. Theatres have been ordered closed on Sundays and other such moves are being made. Meanwhile the saloons keep open on the Sabbath and sell as mean red whisky as ever made a red nose or spoiled a happy home. Consistency is a jewel the Falls City knows not of, it seems to us.

THE passage of the act appropriating \$40,000 for the Jamestown Exposition by the Senate is most commendable, and the House will do itself credit by helping even this small sum the mother of States and statesmen to fittingly celebrate an event which meant so much to the people of this country.

JUDGE JOHN W. HUGHES, a splendid gentleman and hard-working democrat of Harrodsburg, will more than likely be a candidate for Congress. He is being importuned to make the race and will likely accede to the wishes of his friends. He is at present county judge of Mercer.

THE Frankfort Journal makes this admirable suggestion: Now let Mrs. Alice Roosevelt Longworth drop out of the public gaze until another interesting event.

It is said there are more than 125,000 dogs in Kentucky. At \$1 each they will bring considerable revenue into the treasury.

POLITICAL.

D. W. Clark, editor of the Mountain Advocate, has been appointed public administrator of Knox county.

The Senate at Washington passed the amended Heyburn Pure Food bill, by an almost unanimous vote.

H. Clay Evans has announced his willingness to accept the Republican nomination for Governor of Tennessee.

A. L. Denny, Representative from Wayne county, may be a candidate for Congress against Congressman Edwards.

Silas L. Wilson has been appointed postmaster at Lorenz, Pulaski county, and Geo W. Spann at Spann, Wayne county.

Another motion in the House to call the County Unit Local Option bill from the Kentucky Statutes Committee was lost by a vote of 48 to 35, a two-thirds vote being necessary.

After a service of over 20 years in Congress from Ohio, Gen. Charles H. Grosvenor, the "sage of Athens," was defeated for renomination on the first ballot by Albert Douglas, of Chillicothe.

Under the terms of a bill introduced in Congress by Representative Southall the President is to appoint a committee to pass upon the advisability of a national park in the neighborhood of Petersburg, Va.

Congressman Cromer, of the Eighth Indiana district, has refused to pay the assessment of \$3,750 levied by the district Republican Committee for primary election expenses, and has appealed to the State Chairman.

It is probable that Representative Henry D. Flood, of Virginia, will be elected chairman of the Democratic Congressional Committee which will have the management of the Democratic campaign for the House this fall.

Here and There.

The race horses owned by Lillian Langtry, the actress, are entered on the English turf under the nomme de course of "Mr. Jersey," for which privilege a fee of \$150 must be paid. She has very good success with her horses.

The annual meeting of the State Y. M. C. A. opened at Lexington yesterday and concludes Sunday. It will be one of the most important sessions in the history of the organization in Kentucky.

The nomination of W. T. Vernon, colored, of Kansas, to be register of the treasury, has been held up in the Senate Finance Committee at the request of Senator Tillman. Charges have been preferred against Vernon.

By the wrecking of a fast freight on the L. & N. at Nortonville, Engineer Reuben Whitzell, of Howell, Ind., was killed and the engine and five cars of merchandise were demolished. Whitzell leaves a bride of a few months.

MATRIMONIAL.

In Laurel county Joseph L. Elkins, aged 43, and Miss Nancy M. Caudill, sweet 16, were joined heart and hand. The marriage of Miss Minnie Dykes, of Richmond, to Hanley Nippert, of Cincinnati, was a surprise to their friends.

Cleon Camden, aged 19, and Miss Rosa McAninch, 18, both of the Mt. Salem section, celebrated Washington's birthday by getting married.

Garrett A. Sullivan, of Versailles, and Miss Margaret Magoffin Moberly were married at Harrodsburg. The bride is the handsome daughter of Mrs. W. J. Poteet.

After more than 60 years of happy married life Samuel Trueblood and his wife, Mrs. Priscilla Trueblood, old residents of Washington county, Ind., were buried in one grave. The double funeral service was held in the Friends' church, near Salem, and the burial was in the Friends' graveyard near by.

Now and Then.

Some thorough and careful physicians invent, in his practice, some special medicine, that proves so universally successful whenever prescribed, that he proceeds to place it before the public to be reached by the newspapers. This is the history of Dr. Caldwell's (laxative) Syrup Pepsin. For years, prescribed by Dr. W. B. Caldwell for constipation, and all disorders of liver, stomach and bowels, it was at last manufactured on a large scale, and is now the most successful medicine in the world for these diseases. A pure, scientific tonic, laxative, syrup, pleasant to take and perfect in results. Try it. Sold by G. L. Penny, Stanford, and C. W. Adams, Hustonville, at 50c and \$1. Money back if it fails.

FOR SALE—My residence, store and farm at Quail, Ky., seven miles southwest of Brodhead, Ky. Residence has five rooms and hall and all necessary out-buildings. Store has a small stock of drugs and groceries and post-office connected with daily mail. There is a splendid two room tenement house on farm conveniently located. Farm consists of 75 acres. Fifteen acres in woodland and sixty acres in high state of cultivation, all under fence. My farm is one of the best improved in the county, situated in a good neighborhood, within 200 yards of saw and grist mill, one half mile of schoolhouse, one mile from Providence church. This place would be an admirable location for a doctor, or any one wishing to engage in the mercantile business. For terms address, D. E. Proctor, M. D., Quail, Ky.

The seventeen-year-old daughter of a certain Wall-street man recently visited for the first time the fine farm in Dutchess county for the past year owned by her father. The girl immediately became greatly interested in the prize cattle that are special pride of her parent, and she asked many questions relative to their breeding, etc.

One evening just at dusk, as the girl was standing on the veranda of the farmhouse talking to the manager, there came the low, mournful note of a cow.

"Just listen to that poor cow," said the girl to the manager, "mewing for her colt."—Harper's Weekly.

Twice-Told Tales.

Some tales never lose in the telling, and the tale of good that Dr. Caldwell's (laxative) Syrup Pepsin will, and does do, to all poor, dyspeptic, bilious sufferers, is one of them. It positively relieves and cures all forms of indigestion, starts up the languid liver, regulates the constipated bowels, and restores the entire system to a perfect condition of health. Try it. Sold by G. L. Penny, Stanford, and C. W. Adams, Hustonville, at 50c and \$1. Money back if it fails.

The word "schooner" is of American manufacture. Capt. Andrew Robinson built the first vessel of that name at Gloucester, Mass., about 1713. As it slid off the stocks into the water a bystander shouted: Oh how she scoons! (skims). Robinson instantly said: "A schooner let her be." The name has been universally adopted but singularly enough, it is spelled in the Dutch manner, though it is provincial English.

A Woman's Martyrdom

Is too often her own fault, simply because she won't take sufficient trouble to try a medicine that so many thousands of women enthusiastically recommend, viz: Dr. Caldwell's (laxative) Syrup Pepsin. This bland, soothing, curative medicine, regulates disordered functions of stomach, liver, bowels, etc., and soon restores sick women to perfect health. Try it. Sold by G. L. Penny, Stanford, and C. W. Adams, Hustonville, at 50c and \$1. Money back if it fails.

A well-known judge fell down a flight of stairs, recording his passage by a bump on every stair until he reached the bottom. A servant ran to his assistance, and raising him up, said:

"I hope your honor is not hurt?"

"No," said the Judge, sternly, "my honor is not hurt, but my head is."

By the vote of Speaker Lawrence, the house passed the bill placing the county school system under a board of education. The fight was the sharpest and closest of the legislative session so far.

Men Past Sixty in Danger.

More than half mankind over sixty years of age suffer from kidney and bladder disorders, usually enlargement of prostate gland. This is both painful and dangerous, and Foley's Kidney Cure should be taken at the first sign of danger, as it corrects irregularities and has cured many old men of this disease. Mr. Rodney Burnett, Rock Port, Mo., writes: "I suffered with enlarged prostate gland and kidney trouble for years and after taking two bottles of Foley's Kidney Cure I feel better than I have for twenty years although I am now 61 years old." A LADY friend of this paper in the East End sends us \$1 to pay her subscription and adds: "This will help you buy your wife an Easter bonnet." We are very thankful both for the money and good suggestion, but as the larder and pantry each have a distressing appearance, we shall apply the William to replenishing them and take the chances on the "old lady" getting her Easter headgear at some more opportune time.

THAT the interurban railroads are an advantage to the farmers is easily demonstrated. The land in a county which has good railroad facilities sells higher, quality considered, than it does in a county which has no railroads; for example, the river bottom lands in Casey county produce more corn to the acre than the lands of Lincoln, yet the average land in Lincoln county sells higher than the best lands in Casey. Corn sells cheaper in Casey than in Lincoln, for lack of transportation. The same is in a large measure true of live stock. As a rule the more railroads the higher the land, farm products, stock, etc., so it follows if a farmer located on a railroad that will not kill his stock, burn his grass and crops, with his side track at his front gate, on which to load his products and stock and at which some can be received, certainly he has a convenience that adds value to every acre of his land in double the ratio that a turnpike does to the dirt road. Therefore the farmer who has set his fence out on the highway and who has acquired no rights to the land by so doing, can well afford to set his fences back. If, for instance, he has set his fence out 10 feet on the right-of-way and his land fronts a mile on the highway, he has the use of a little more than an acre of land, worth from \$50 to \$75. If he owns 700 acres of land and by reason of the construction of the interurban road his land increases in value only \$2.50 per acre, and it will easily add \$10 per acre, it is a blessing and the farmer who has the road on his side of the pike has a double blessing.

THE horse belonging to the Stanford Water, Light & Ice Co. ran away Wednesday. The wagon it was hitched to contained a lot of globes and other electric light fixtures and when these fell out there was a considerable crash. The nttic of the horse cost the company several dollars.

Contractors will come prepared to give their bonds with good personal security. R. C. Warren, judge.

A peculiar property that distinguishes White's Concentrated from all other mineral waters is its certain and positive action upon the liver and kidneys, the two joint organs through whose means the whole system is kept in a healthy condition. This water is a certain cure for Dyspepsia, Constipation, Headache and all diseases caused by a Torpid Liver.

Read what the late Dr. Luke P. Blackburn, whose reputation as a physician and philanthropist is world wide, said in regard to this water in tardy motives and constipation of the bowels:

"It excels all other remedies known to the profession. Crab Orchard Concentrated Water will cure more diseases than any remedy I ever used."

To Whom It May Concern: I have used Crab Orchard Concentrated Water and Salts in my practice for 40 years and I consider them the finest remedies on the market as a laxative and purgative and when taken in broken doses a good alternative for Indigestion, Dyspepsia and Constipation. It is an excellent remedy.

IN MEMORIAM.
In loving remembrance of our dear grandfather, J. B. Wall, who departed this life Feb. 11. Grandfather was not a member of the church but still he was a christian and oh, how he did love his grand children. While he was on his bed of affliction he called us to his side and said: "My dear grand children, I have taken my bed never to rise again, and hope to meet you all in Heaven. We love him, yes we love him. But the angels love him more And so they sweetly called him To yonder shining shore. The golden gates were open A gentle voice said "come," And with farewells unspoken He calmly entered home.
